YOUR OPPORTUNITY

I am offering many varieties of irises at prices considerably below the cost of importation. It is a rare opportunity for commercial growers and collectors to secure many varieties that are scarce and seldom offered for sale. I have been using them in the comparative studies which I have been making and many varieties having served this purpose they are offered at prices much below the usual market prices for this season only.

ORDER EARLY

All plants are offered subject to being in stock and unused upon receipt of order. I have a good stock of most varieties but of a few the supply is limited. Prices are net for one plant and terms are cash, unless otherwise arranged. Orders will be filled in the order received. Retail orders take precedence over wholesale. Write names plainly and give shipping directions carefully. Keep a copy of your order. Shipments will be made during July, unless otherwise requested. Since the prices are so low, do not ask me to fill an order for less than \$2.00. All orders will be carefully packed without extra charge and delivered free, either by express or parcel post.

DISCOUNTS

Cash discounts allowed on orders received and paid for before July 1st, amounting to less than \$50.00, 2 per cent; \$50.00 or over, 5 per cent; \$100.00 or over, 10 per cent.

Special prices will be quoted on 100 or more of one variety, and large orders of mixed varieties. Prices of named but unlabeled varieties for landscape purposes, \$2.00 to \$10.00 per 100 while they last.

GUARANTEE

Roots sent out will be average size or larger for the variety represented. They are grown under my personal supervision. I personally fill all orders. Practically all varieties have been received direct from the originator, insuring true stock. The greatest possible care is then exercised to keep all varieties accurately labeled and true to name. All plants are guaranteed to reach you in good condition. If not entirely satisfactory upon receipt, I will cheerfully refund the purchase price, provided plants are returned at once. If for any other reason they are not satisfactory, you can depend upon me to adjust same satisfactorily. Remember the deal is not closed until all reliable customers are satisfied.

AN "IRIS LOVERS' GUIDE"

For full descriptions of varieties, care and planting instructions or other information refer to my 1928 Catalogue or Iris Lovers' Guide, as it has been referred to by many, "New, Rare and Good Old Irises." I will not publish an edition this year. Next season I will publish a revised edition and will add 200 new varieties to the more than 700 included last year. Among other things will be the name of introducer and date of introduction, principal awards, height, season of bloom from very early to very late, both garden and exhibition rating, how to select, plant and care for irises, and other information not

PEONIES IN SEASON

I have a collection of more than 250 varieties which includes most of the best peonies in the world. I have been collecting them for more than 15 years. During this time I have made a study of varieties in very much the same manner as of irises. I will offer for sale a few plants of each of these varieties at attractive prices during the fall of 1929. Price list will be sent upon request.

Fill out this blank whether you order anything from me or not.

otherwise readily available. I received many favorable comments on last year's edition. One grower stated in his catalogue: "In view of my own disappointment in getting out the list that I had hoped to, I take pleasure in recommending to you an Iris list which is the most complete and valuable for descriptions of any I have ever seen. It is issued by Earl Wooddell Sheets * *. It sells for 25 cents but is worth a dollar to anyone who is really interested in iris, for the information it contains."

Another grower wrote: "You have done more to help the commercial iris game than any other similar effort in a dozen years." And another: "The 25 cents I paid for your 'Iris Lovers' Guide' was the best iris investment I have ever made," and so on by the dozen.

The Bulletin of the American Society, No. 30 January, 1929 states:

"For the real collector * * the new Catalogue of the Treholme Gardens offer the most comprehensive lists I have run across, of recent years. Mr. Sheets with more space at his disposal gives good reasons for even the poorly rated. For the student his descriptions are markedly thorough and helpful. His private ratings on exhibition and garden value average no higher than those in the symposium and though my experience with some varieties varies from his reports that is only to be in a different clime or garden. He gives height accurately and is the first in this country at least to record seasons from very early to very late. This is in itself a real contribution even though it records the facts in only one possibly small district. The premiums offered to customers who become members of the society are only approached (by one other). Whatever the actual returns to the society may be we owe much to their generous expression of interest."

An official of the American Society wrote: "I find your catalogue invaluable in the show room as well as in the selection of varieties for exhibition.

For those who have not obtained a copy, I have a small supply left and will send them at 25 cents each as long as they last. You will find this list of great value during the iris show season. A copy will be sent free with all orders received up to July 1st if requested to do so, or if a catalogue is purchased at 25 cents and an order amounting to \$2.50 is placed later, any 50 cent iris may be selected free. Visitors are always welcome, but by appointment only.
